
Pint-sized, yet it outperforms all other home movie lights made! That's the Sylvania SUN GUN. Proved by thousands of home movie makers for over a year. Gives results so remarkable it's used by major Hollywood studios to shoot million-dollar movies.

SUN GUN makes it a cinch to take sensational movies indoors. Its secret is a powerful new lamp no longer than a cigarette—set in a unique reflector with 600 light-magnifying surfaces. You get smooth, even light across every scene. No hot spots or double shadows. And SUN GUN is color-balanced, so the colors you see on the screen are the colors you saw when you shot the scene.

So why limit your movie-taking fun to the great outdoors? Make movies that are great, *indoors*—the easy way – with Sylvania SUN GUN movie light. Fits quickly and easily on any movie camera. See it today at photo dealers' everywhere. Sylvania Lighting Products, Division of Sylvania Electric Products Inc., 1740 Broadway, New York 19, N. Y.
